1. The following is an examiner's statement of reasons for allowance: the examiner accepts applicant's arguments that there is no motivation to use the specific materials of Morell et al. in the segments that abut in Varona. Due to the allowance of generic claim 18 the various nonelected species claims, which depend from claim 18 have been rejoined and are allowed. See section 3 of the detailed portion of the office action mailed 27 January 2003 regarding construction of "abut" in the claim language.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
